Sally is registered with all major health insurers, please check with your insurer that they will authorise treatment.

Please note that a 24-hour cancellation policy applies.

Sally graduated from St Thomas' Hospital then worked at Charing Cross & Chelsea & Westminster Hospitals, Harley Street Clinic, Royal Ballet School & English National Ballet before coming to Imperial in 1993, where she worked for the College and the Royal College of Music.

Sally is a specialist in the diagnosis & treatment of all musculoskeletal problems including the spine (any bone/joint/muscle/tendon/ligament pain) in the body including all sports injuries, rheumatological disorders, post fracture or post operation and Women's health. She also has a special interest in dance and musician's injuries. She specialises in Occupational health treating any work related disorders & carries out workstation assessments (Sally is the Occupational Health Physio for Imperial College). In her spare time she enjoys tennis, skiing & Pilates.

QUALIFICATIONS

Sally is Cyriax & MACP trained and practises mainly mobilisation and manipulation techniques but also a wide variety of other evidence-based soft tissue techniques, taping, exercise prescription and rehabilitation. She is also a registered Talented Athlete Scholarship Scheme (TASS) Physio. Sally is able to refer private health insured patients directly to a recognised Consultant avoiding need to see your GP.
